Earning Your License

The Teenage and Adult Driver Responsibility Act established graduated driver licensing for Georgians between the ages of 15 to 18, with three separate classifications.

Step 1: Instructional Permit (Class CP) This permit is available to persons age 15 and up after passing a knowledge examination. While driving, the permit holder must be accompanied by a licensed (Class C) adult 21 years of age or older who is fit and capable of exercising control of the vehicle and who is occupying the front passenger seat beside the driver.

Step 2: Provisional License (Class D) This license is issued to 16- and 17-year-olds who have held an Instructional Permit for one calendar year and a day without committing any major traffic violations and have passed a comprehensive on road driving test.

- A total of at least 40 hours of other supervised driving, including 6 hours at night, is also required. Individuals who do not complete an approved driver education course must wait until age 17 to become licensed. A driver education course is not mandated for 17-year-olds, although it is highly recommended.
- Driver education requirements must be met prior to initial issuance. For specific requirements, please visit www.gateendrivereducation.com

The Provisional License has the following restrictions:

- A Class D License Holder may not drive between the hours of 12:00 a.m. and 5:00 a.m. **NO EXCEPTIONS**
- During the first six (6) months following issuance, only immediate family members may ride in the vehicle
- During the second six (6) months following issuance, only one (1) passenger under 21 years of age who is not a member of the driver's immediate family may ride in the vehicle
- After the first and second six-month period, only three (3) passengers under 21 years of age who are not members of the driver's immediate family may ride in the vehicle

Special Notes:

- Immediate family is defined as the license holder's parents and step-parents, grandparents, siblings, step-siblings, children and any other person who resides at the license holder's residence.
- Visit the GOHS website (www.gahighwaysafety.org) for a copy of a Teen Driver/Parent Agreement and also click on the "Links" to Department of Driver Services for information.

Step 3: Full License (Class C) This license is available to persons age 18 and up if there have been no major traffic convictions for the previous 12 months. Your Class D license must be upgraded to Class C or you will be held to Class D restrictions regardless of your age.

Special Notes:

- The supervised driving requirement also applies to an initial Class C license applicant who has not previously been issued a Class D license.

What You Need to Know About

The Teenage and Adult Driver Responsibility Act (TADRA) continues to make strides in creating safe Georgia roads for the motoring public. TADRA directly addresses the leading killer of our young people – traffic crashes. The law significantly changes the way young motorists earn and maintain the privilege of driving by providing a controlled means for new drivers to gain experience and by reducing high-risk driving situations. While the law does focus on young drivers, it also contains important provisions that affect drivers over 21, particularly in the area of DUI prevention and enforcement.

- DUI
- Fleeing or attempting to elude a police officer
- Racing
- Reckless driving
- Hit and run / leaving the scene of an accident
- Any moving violation for which four or more points are assessed
