

Issuance of the new GA ID and Driver's License will begin Spring 2019.
"Don't Renew Until It's Due" – All current credentials are valid until their expiration date.

Below is an overview of the features and look of the new credentials.

Overlapping

Signatures and Data over photograph

Secure ID Compliant Star
Meets state and federal regulations

Guilloche Design

A background of spirograph-like curves that join to make a design

Laser Engraving

Laser engraving on the card raises the print, making it difficult to tamper or modify

Boater Education Designation

Cardholder who have completed a DNR approved Boater Education will have an Anchor appear on front of their driver's license or ID card

Multiple Laser Images

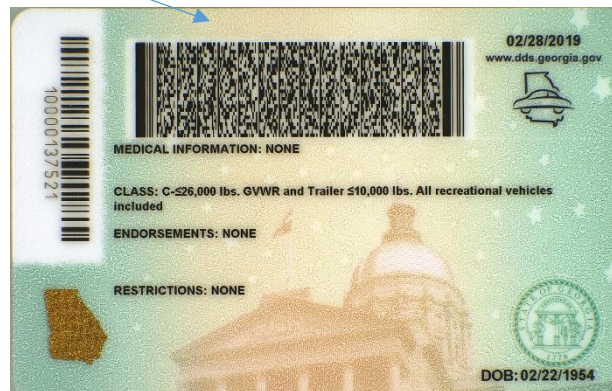

Feature that enables two or more images to occupy the same area

Veteran Designation

Veterans will have the opportunity to have this important designation along with the American Flag appear on the front of their driver's license or ID card, allowing for immediate recognition of the cardholder's military service

2-D Bar Code

Contains some cardholder information accessible using a PDF-417 compatible scanner

Additional Birth Date

Polycarbonate Card Body

This card will be more durable, secure and tamper-resistant card
