3/5	N/A	HV-5 years	\$410.00	Yes	Yes	Yes	Possibly

[1] Completion of a clinical evaluation and treatment, if recommended, is not required for reinstatement of a first DUI within five (5) years under O.C.G.A. §40-5-63.1, but it would apply for a second offense in ten (10) years. Notwithstanding the foregoing, Courts may include completion of the clinical evaluation and treatment as a condition of probation on a first DUI.

[2] Customers subject to a habitual violator revocation may be eligible for a probationary license after serving the first 2 years of the revocation. Some prior convictions on the customer's history can make them ineligible, including moving violations, underage alcohol offenses and drug or marijuana offenses.
